## Estate Branding

# Prologis

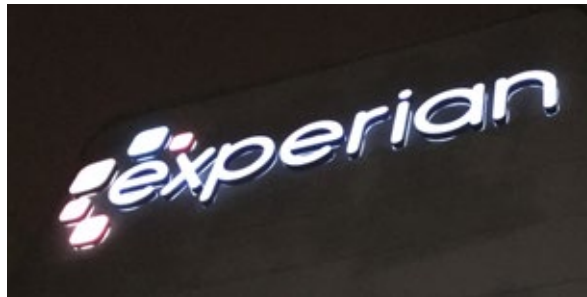

Concept Group has worked with Prologis for a number of years and we are proud to announce that we have completed work on their brand new head quarters at Blythe Valley, located just south of Birmingham.

We have installed two sets of large custom made Prologis logos mounted above the two front entrances, the large scale of these signs makes a real impact when you approach the building and presents the brand with the grandeur it deserves!

If you would like to discuss with us your requirements for corporate signage, call today on 0121 693 0005.
